

METAL FURNITURE LOCKERS

- Michigan State Industries-Metal Furniture offers a wide variety of wall and stand-alone lockers. Solid steel construction provides a stable and durable product.
- Our locker bodies are constructed of 20 gage steel and all door frames are made of 16 gage steel providing extra stability and strength.
- Because we construct all of our products on site, we are able to provide the customer with a variety of options ranging from single lockers to double door lockers as well as the most popular locking mechanisms available - including our newly developed recessed stainless steel combination lock insert.
- Our most popular locker sizes are:
 - 12"x15"x72" ; 15"x18"x72" ; 12"x12"x72"
 - 12"x18"x72" and 24"x36"x72"**(custom sizes are available upon request.)**
- Our record of customer satisfaction is second to none.
- Michigan State Industries-Metal Furniture Factory is located in Jackson Michigan and we ship to any location statewide. All price quotes include shipping and handling.
